## TERMS OF SALE.

Prices herein are net; no discount. Packing at cost.

Claims for errors, deductions, etc., must be made within ten days after stock arrives at destination to receive attention.

We guarantee stock to be true to name and in good condition when it leaves our grounds. While we exercise the greatest care to have every tree or plant true to name, and are ready, on proper proof, to replace anything sent out by us that may prove untrue to label, free of charge or refund the money paid for it, it is understood and agreed between purchaser and ourselves that we are not to be held liable for any greater sum than that paid us for said trees that prove untrue.

All orders are accepted on condition that they shall be void should injury befall the stock from frost, hail, fire, or other causes over which we have no control.

Prices subject to change without notice.

Certificate of inspection with each shipment.

## FRUIT TREE STOCKS

The fruit tree stocks we offer are grown in our own nurseries and have been carefully and persistently cultivated. We commenced spraying early and kept at it; in fact, we have left nothing undone that would help in producing clean, healthy stocks. Judging from appearances we have succeeded. If you favor us with an order for Apple or Pear stocks we assure you that you will receive stock that will be entirely satisfactory in every way.
